

Gen M - 10.5 Open Equipment Package

Gen M - 10.5 Open Design Sample

Description

The Gen M - 10.5 Open model enjoys a 10.5-foot (3.2m) flight chamber cross section using our new modular design. This entertainment-focused solution is great for incorporation within existing leisure parks, entertainment facilities, and outdoor retail centers. Available in select markets as a turn-key product, the Gen M -10.5 Open offers the world's smoothest open flow air quality.
